## TECHNICAL SKILLS

**Languages:** C++, JavaScript, Python

**Technologies/Frameworks:** HTML5, CSS3, MongoDB, ExpressJs, ReactJs, Firebase, NodeJS, TailwindCss

**Soft Skills:** Problem solving, Adaptability, Time Management, Leadership, Decision Making, Self-Motivation

## EXPERIENCE/INTERNSHIP

**BubbleBit** [🔗](#)

04 2024

*MERN Stack Developer*

*Maharashtra, India*

- Developed user interface components using React.js library. **Implemented responsive designs to ensure compatibility across various devices and screen sizes.** Integrated with backend APIs to fetch and update data asynchronously.

## PROJECTS

**Task-Manager** [🔗](#) | [ReactJs](#), [Firebase](#)

2024

- Developed a task management website utilizing ReactJS.
- Implemented simple user authentication and password recovery functionalities integrated with Firebase.
- Leveraged Firebase for features such as user login, sign-up, and password retrieval.

**paypal payment integrate** [🔗](#) | [NodeJs](#), [ExpressJs](#), [JavaScript](#), [PayPal REST SDK](#)

2024

- This project aims to integrate PayPal as a payment gateway for an online shoe store using Node.js.
- This project will provide a robust and secure platform for an online shoe store, enhancing user experience through seamless PayPal integration.

**BackDrop Remover Resizer** [🔗](#) | [ReactJs](#)

2023

- Developed an image processing tool using React.js.
- Implemented functionality to upload images, remove backgrounds using the RemoveBG API, resize images, and download the processed images.
- Integrated RemoveBG API for background removal, ensuring high-quality results. Enabled users to resize images according to their preferences, enhancing versatility.

**Weather-react-app** [🔗](#) | [ReactJs](#)

2023

- Developed a weather website using React.js to provide users with real-time weather data.
- Utilized Weather-api to fetch accurate weather information from reliable sources.
- Designed an intuitive user interface to present weather data effectively and enhance user experience.

## EDUCATION

**Coochbehar Government Engineering College**

2022 – 2025

*B.Tech - Computer Science and Engineering - CGPA - 8.1*

*Coochbehar, West Bengal*

**Nazrul Centenary Polytechnic College**

2019 – 2022

*Diploma - Electronics and Instrumentation Engineering CGPA - 8.4*

*Rupnarayanpur, West Bengal*

## COURSEWORK / SKILLS

- |                                       |                     |                     |
|---------------------------------------|---------------------|---------------------|
| • Data Structure and Algorithms (DSA) | • Operating Systems | • Computer Networks |
| • OOPS Concepts                       | • DBMS              |                     |

## CODING PLATFORMS

- **Leetcode:** 150+ Problems [🔗](#)
- **Codechef:** 70+ Problems [🔗](#)

## CERTIFICATIONS

- DECODE DSA WITH C++ - PHYSICS WALLAH

## ACHIEVEMENT

- Having the privilege of participating in my college fest's Flutter App Development competition, where my app secured the runner-up position.
- Participating in the SIT hackathon was an exhilarating experience where innovation and creativity were at the forefront. Thrilled to have secured Rank 58 among the talented participants
- Taught C++/DSA in offline mode and got positive feedback
- Winning first prize in a cricket tournament as the captain in College
